

The National Baseball Congress And the Superior Bat Company Join to Provide NBC Bats

The National Baseball Congress and the Superior Bat Company have joined in partnership to provide quality wood bats for our NBC Teams, Leagues and Tournaments. We are proud to offer quality maple bats engraved with the NBC trademark at a low cost to our affiliated teams and leagues. **The cost of the NBC Bats is \$55.00 each.**

The Superior Bat Company is committed to making high-quality, completely customized baseball bats uniquely designed for each individual player, team or league. What makes the A Bat so exceptional is the personal attention given to each and every bat, from the vast array of options available to the design and manufacturing process of each bat.

Superior Bat Company is located in the heart of the best hard wood in the country. Most professional-quality bats are made from logs cut in New York and Pennsylvania because the quality of the wood is superior in this region. Superior Bat Company does one better, using only the best sugar maple. All of the logs for the A Bat are cut from their own forest and processed in their own saw mill. Complete control over the wood supply ensures the high quality of the wood used in every bat.

Every bat is sprayed, not dipped, with several coats of finish by skilled professionals, ensuring your bat will look and feel better, longer. Before the final clear finish coat is sprayed, the NBC trademark and your logo are laser engraved on the top grain of the bat. Laser engraving on the end of the bat includes the model number, length of the bat and customer personalization. You can choose to have no personalization. However, the Superior Bat Company will engrave the name of the individual or the name of the team or league for no additional charge.

The National Baseball Congress and the Superior Bat Company offer professional quality bats without the professional price. These bats are manufactured and sold with the players in mind. The professional grade NBC bat is made to fit into the average player's or team's budget without sacrificing quality or workmanship.

The Colors

Each bat can be customized to fit your individual team colors. The following colors are available for both the Handle and the Barrel colors.
